IRIS HOUSE, INC.
HIV NAVIGATOR/COMMUNITY HEALTH WORKER
POSITION DESCRIPTION

Position Title: HIV Navigator/Community Health Worker
Reports to: Program Manager

Position status: Non-Exempt, Full-time
Location: Union & Essex County

POSITION SUMMARY

The Community Health Worker will be responsible for street outreach and condom distribution for the program in Union and Essex County. He/She will be responsible for street outreach activities including the distribution of HIV prevention education materials and testing information, provide escorting for testing or connection to care services as needed, record and assist in data collection and provide feedback to the Program Managers on ways to improve the effectiveness of the program and the response rate. Additionally, the HIV Navigator Community Health Worker will be responsible for distributing condom packages during outreach and on a regular basis to participating local businesses/organizations, and conducting interviews with community members for the program.

ESSENTIAL POSITION FUNCTIONS

1. Provide community based education and street outreach to reduce the risk of HIV/AIDS by providing HIV/AIDS education and resource information and materials to the English/Spanish speaking population and engage/recruit potential clients into the program; participate in health fairs and distribute condom packages during outreach as required.

2. Cultivate relationships with community members and gatekeepers, to effect community-level behavior change, as part of the program.

3. Present Iris House programs and services to other community based organizations, such as medical and service providers and HIV care network organizations, to cultivate and maintain linkage agreements for reciprocal services and to generate referrals for Iris House HIV/AIDS services.

4. Distribute condoms on regular basis to participating local businesses/organizations and track and record site distribution amounts; keep track on condom inventory and ensure sufficient supply to meet program needs.

POSITION REQUIREMENTS

Education: Bachelor’s degree or higher in Human Services, Social Work, or related field or equivalent field experience or High School degree/GED with at least one year lived experience.

Experience: Minimum of one (1) year of outreach experience working as an HIV tester with hard-to-reach populations

Other Requirements:
- Knowledge and understanding of HIV prevention, treatment and care
- Written and oral fluency of both English is preferred
- Bilingual English/Spanish required
- Facilitate group & individual sessions
- Record program related data in EXCEL spreadsheet
- Provide HIV/STI/HEP C testing
- Conduct client referrals & follow-up appointments
- Excellent communication skills; must be proficient in the use of personal computers
- Ability to travel independently in and knowledge of both Union and Essex Counties, New Jersey
- MUST have a valid New Jersey drivers license
- MUST be available to work after 5pm and on week-ends as needed

Qualified Candidates please respond via email with a cover letter and resume to:
